

Grampians Community Health's new Darlot St Horsham location

Are you a great photographer or even an amateur photographer who has some great photos?
Are you an artist that has an idea for a mural but nowhere to place it?

Grampians Community Health are looking for **photographic** or **painted images** that reflect the beauty of **the Wimmera**

- **The Wimmera River** which is the lifeblood of our community and environment, and a river which extends across the district which Grampians Community Health provides services., or
- **The farmland, stock and machinery**, that goes into feeding the world in this great food bowl we call the Wimmera
- **Mountains, lakes and bushland** that are synonymous with our district and provide the habitat for wildlife and the recreation for our communities
- **The people and animals** from the rugged sunburnt Aussie, to the Aboriginal traditional custodians of the land, our children and new arrivals to the district, they all have a story in the Wimmera, as do our diverse native and domestic animals and birds.

The image will span approximately 5.5m long x 3m high.

- If it is a photograph, it will need to be of a high enough quality to be printed to this size.
- For a mural, it can be painted on directly or photographed and printed.
- There is a window in the space that will need to be considered – see IMAGE 1
