Key selection criteria, please respond to all questions below.

- 1.** Detail your relevant work experience with people who are frail aged, have a disability and/or have dementia.

Include organisation names, key responsibilities and dates.

- 2.** This role will require the successful candidate to be able to work using the Active Service Model. What attributes do you have that will enable you to do this? Please provide relevant work-related examples.

- 3.** Briefly explain your understanding of the considerations involved in working in a rural community and within a culturally diverse environment.

4. Are you able to work with a deep understanding of the social model of health and how it relates to wellbeing and good health outcomes? Please outline how.

5. This position requires you to be innovative in providing service delivery and be able to work independently and as part of a team. Please give some examples of work done in the past that will help you in this position.

6. GCH strives to maintain and improve quality of service. Please give some examples of work done in the past that will help you in this position.

7. Outline your ability to apply a flexible, non-judgemental and empowering approach to service delivery.

8. Outline your tertiary qualification/s relevant to this role, including institutions and dates.

9. What is your current employment situation? When would you be able to commence with GCH?
